Subject: Pct 3 First Text with EZ Street Material

Dear Mr. Mehan,

We quieted several up-set folks today by patching a few "Pot Holes" here in South Texas.

We have re-named our CR 392 to EZ-Street no longer CR 392. This road is traveled heavily because it is the Emergency Entrance to one of our Hospitals in my Pct 3 and Lavaca County.

Andrew, it performed as promised... We have tried others and your E Z - Street material is by far the BEST EVER.... did not stick to tires and packed quickly and easily.

Thanks for a great product... We will keep this in stock...

Be well.

Frankie Bates
Commissioner Pct 3
Lavaca County
